

*We are an integral part
of the music industry,
helping teaching professionals
reach their potential!*

Special Design Features

- *Unique height adjustment gear for consistent, repeatable setting for multiple users*
Eight numerical settings provide a superior range of adjustment from 18.5" to 23.5" high – eliminating the need for pillows or props, and making repetitious adjustments quick and easy.
- *Front-mounted handles for ease of adjustment; spring-assisted mechanism is constructed of heavy gauge welded steel*
- *Bench measures 13.5" wide x 20" long*
- *Durable fabrics and comfortable padded top*
- *7-coat lacquer finish for lasting beauty*
- *Designed for lifetime performance*

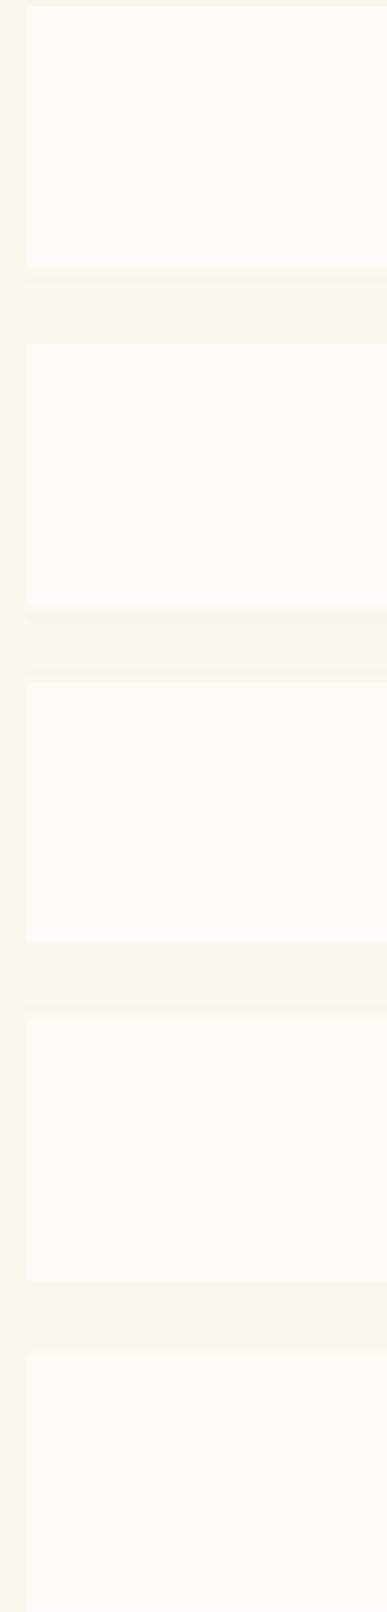

*State-of-the-art technology and
precision manufacturing – bringing
quality, durability and function
to musicians world wide.*
